EN 14351-1: 2006+A1:2010

Facade Door

IV 78 wooden outside entrance doors from glued timber
For commercial and private buildings

Resistance against wind load	npd
Water tightness	npd
Bearing capacity of safety devices	npd
Sound insulation	npd
Thermal transmission coefficient	-*
Radiation – energy admission level	npd
Radiation – light transmission level	npd
Air permeability	npd
Resistance to repeated opening and closing	3
Mechanic durability	npd
Dangerous substances	none

npd - no performance determined;

* - where detailed calculation of the heat from are specific building is required, the manufacturer shall provide accurate and relevant, calculated or tested thermal transmittance values (design values).

EC-Declaration of Conformity

HCTC, UAB
Pramonės g.97
LT-11115, Vilnius
Lithuania
2009

Declares, that the product **IV 78** wooden outside entrance doors from glued timber
for privately and commercially used buildings
